Bengaluru, Karnataka, India

SUMMARY

Results-driven Software Developer with 3+ years of experience building scalable full-stack applications and delivering high-impact solutions. Proven track record in MERN stack development, system optimization, and cross-functional collaboration. Award-winning engineer recognized for technical excellence and innovation. Passionate about solving complex problems and contributing to cutting-edge technology teams.

EXPERIENCE

Software Engineer

Cybrox Solutions

Sep 2025 – Present

Bengaluru, Karnataka, India

- Actively contributing to end-to-end development of web and mobile applications, delivering user-focused solutions with high reliability and performance
- Collaborating with cross-functional teams to implement scalable features and maintain code quality standards
- Participating in architecture discussions and technical decision-making to optimize application performance

Full-Stack Developer

Velonix Future Technologies

Nov 2023 – Aug 2025

Ernakulam, Kerala, India

- Designed and developed multiple full-stack applications using Node.js and React, serving diverse client requirements across various business domains
- Built and maintained scalable backend services and responsive frontend interfaces, ensuring seamless integration and optimal user experience
- Implemented RESTful APIs and managed cloud databases (MongoDB, DynamoDB), improving data access efficiency by optimizing query performance
- Developed automation scripts and tools that streamlined business workflows, reducing manual processing time
- Managed complete SDLC from requirements gathering to deployment, ensuring timely delivery and quality standards

Associate Software Engineer

Innovature Software Labs

Jul 2022 – Aug 2023

Kochi, Kerala, India

- Contributed to full-stack development of internal and client-facing applications supporting evaluation systems and capacity-building programs
- Developed feature modules, built reusable code libraries, and wrote comprehensive test cases to ensure system reliability
- Optimized application performance through code refactoring and database query optimization, improving response times
- Created technical documentation and user manuals, facilitating smooth knowledge transfer and project handovers
- Received "Engineering Excellence" Award for outstanding contributions to project innovation and technical leadership

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, HTML5, CSS3, SQL

Frontend: React.js, React Native, Angular, Redux, Material-UI, Responsive Design

Backend: Node.js, Express.js, Spring Boot, RESTful APIs,

Databases: MongoDB, PostgreSQL, MySQL, DynamoDB, Redis

Core Competencies: System Design, Problem Solving, Technical Documentation

EDUCATION

Mahatma Gandhi University

Bachelor of Computer Applications (BCA), Computer Science

Jul 2019 – Jun 2022

Kerala, India

ACHIEVEMENTS & ADDITIONAL INFORMATION

Awards: "Engineering Excellence" Award – Innovature Software Labs (2023)
